

FINESSING TOOLS

"NO-MAR" Finessing Tools have an acclimating design to accommodate upholstery installation and assembly.

Made to your specifications!

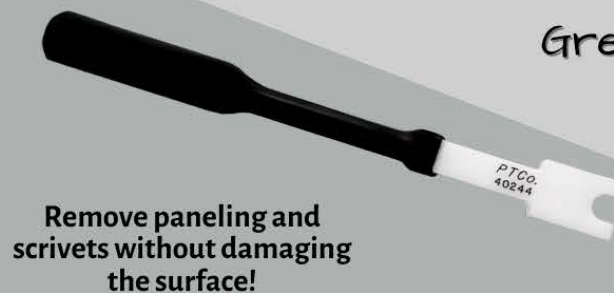

Angled edge end.

These pry bar-like hand tools have the design and leverage to smooth out imperfections when covering padded seating. Give your material a tight, neat fit to the framing while also saving time on production. Great for cloth, leather and mesh material.

Great for boat paneling!

Remove paneling and scriveners without damaging the surface!
