Protekto Sleeve

- Simple and easy installation
- Accommodates variety of diameters
- Abrasion resistant
- Tight seal for prolonged use
- Easy to remove
- No tools, tape, torches or heat required

Before

After

The Protekto Sleeve is made from a highly durable rubber with a plastic core insert. When the plastic "pigtail" is pulled, the plastic core collapses, allowing the rubber to shrink 50% of its original size.

Protekto Sleeve Size Chart

Model No.	62332	62333	63201	64406	62334	63203	64407	62335	62336	63208
